

UNM SPACE CATEGORIES

In the FAMIS Cloud Space Survey, the Categorization Tab is where you will edit the space category, sub category and space type codes of a space. Space category codes tell us how the UNM room(s) are set-up (look like). The following codes provided help to determine the space sub category code

We use the US Department of Education, Institute of Education Sciences, National Center for Education Statistics "Postsecondary Education Facilities Inventory and Classification Manual (FICM): 2006 Edition" for our base Space Category Coding, but we have expanded them for other UNM require reporting purposes. For more information on the FICM Manual you can go to the following link: <http://nces.ed.gov/pubsearch/pubsinfo.asp?pubid=2006160>

Please Note: Only one Space Category may be used per space/room.
